Cades Cove

Measles are raging in our Cove and the worst type that has infested our people for years. Messrs Prud Wilcox and Arles Oliver, caught them at the logging camps on Eagle Creek in N. C., and gave them to their families here and a number of others.

Mr. Lee Oliver died March 25, between 10:00 and 11:00 p. m. from the effects of measles. He had only been ill for about 10 days. Lee was 33 years old, and had been weakly all his life, so the measles proved too much for him. He was a good honest upright christian boy, having professed faith in Christ in his early boyhood days and joined the Primitive Baptist Church soon after his conversion. He was a loyal member of said church till the hour of his death. He was unmarried and lived with his widowed mother at the old home place in the upper end of the Cove. His occupation was light farming and making photographs. He was one of a family of 14 children 12 of whom are yet living. On March

27, his remains were conveyed to the Old Primitive Grave Yard and after funeral service by Eld. W. H. Oliver, they were laid to rest by loving hands to await the second coming of Christ. Lee was a boy who believed very much in dreams and visions, and for more than a year before his death had been having dreams and seeing visions, for-

to long his struggles with the enemy, his sickness and his death. But he has conquered the last enemy and is now sitting on the right hand of God. Our loss is his eternal gain. Let us bow in humble submission to our Creator's holy will.

A Relative.
